RISHAB DEV MISHRA

MERN Stack Developer

Enthusiastic and detail-oriented software developer with a strong foundation in programming language JavaScript. Passionate about problem-solving, algorithms, and building efficient applications. Skilled in web and software development with hands-on experience in projects involving front-end and back-end technologies. Quick learner, adaptable, and eager to contribute to a dynamic development team while continuously improving technical skills. Looking for an opportunity to apply my knowledge and grow as a professional in the software industry

- Working as a Frontend dev(intern)-CETPA Iinfotech(09-04-25,9-05-25)

Project

• Customer Management Application
Technology:HTML,CSS,ReactJs

- Implemented user-friendly UI with React.js to manage customer details efficiently.
- Built RESTful APIs using Node.js to handle customer data securely and efficiently.
- Integrated CRUD operations (Create, Read, Update, Delete) for seamless data management.
- Enhanced user experience with responsive design and optimized performance.
- Ensured secure data handling with proper authentication and validation mechanisms.

• To-Do List Application
Technology:HTML,CSS,JS

- Implemented state management with Redux to ensure seamless data flow and scalability.
- Designed a responsive and intuitive UI using CSS for an enhanced user experience.
- Integrated CRUD functionality (Create, Read, Update, Delete) to manage tasks effectively.
- Optimized performance by implementing best practices in React and Redux.
- Gained hands-on experience in front-end development, state management, and UI design.

• Weather App
Technology:HTML,CSS,JS

- Developed a real-time weather application using JavaScript, HTML, and CSS.
- Integrated OpenWeather API to fetch and display live weather data based on user location or manual search.
